Welcome to the Cambridge-Africa Newsletter

We are pleased to present our latest newsletter, aimed at keeping you informed about the latest activities at Cambridge-Africa. This issue features updates on our ongoing projects and collaborations, as well as information on upcoming events and opportunities for further engagement.

Cambridge-Africa ALBORADA Research Fund

We are excited to announce that the Cambridge-Africa ALBORADA Research Fund is now open for applications. This fund supports research projects in Africa and Cambridge, with a focus on fostering collaborations between African and Cambridge-based researchers. Applications are due by 12th September 2024.

Cambridge-Africa ALBORADA Summer School

This summer, we are hosting the Cambridge-Africa ALBORADA Summer School, a two-week program aimed at training the next generation of African scientists. The school will cover a range of topics, including epidemiology, clinical research, and operations research. Applications are due by 31st August 2024.

Cambridge-Africa ALBORADA Research Fund

We have now opened the call for the next round of applications for the Cambridge-Africa ALBORADA Research Fund. This fund supports research projects in Africa and Cambridge, with a focus on fostering collaborations between African and Cambridge-based researchers. Applications are due by 12th September 2024.
